The campus is located in Espoo city, located west of Helsinki, easy access by metro from Helsinki, is part of the Finnish capital region. Architect Alvar Aalto's most famous work in Espoo is the Otaniemi campus, now known as Aalto University. Originally known as Helsinki University of Technology, the campus was inspired by American college campuses and realised as their Finnish counterpart by Aalto. The region is under constant expansion, being close to Helsinki, but Aalto's works remain in their original use. Take good shoes with you for this tour.
